Dear Parents/Guardians,

Aspen View Public Schools is hosting its 3rd Annual Robotics Tournament this year on May 7, 2024 at H.A. Kostash School in Smoky Lake. This is an event open to K – 12 students in Aspen View and it will offer many valuable learning experiences for all students attending.

The goals of the Aspen View Public Schools Robotics Tournament are to have fun, to learn by doing and to foster teamwork! Robotics encourages problem-solving, coding, critical thinking, numeracy, literacy, social studies, communications, fine arts, technology, and more for all students who participate.

There will be different events offered throughout the day that students will participate in based on their grade level. Bussing and equipment required to participate will be provided to all students attending this event at no cost. Please pack a bagged lunch and snacks.

Your child has expressed an interest to create a team with other students in their grade level to join this tournament and partake in this exciting learning opportunity. Attached is a field trip permission form that must be signed and returned to the school in order for your child to participate in this event.

Should you have any further questions, please call the school at 780-525-3733.
