Please indicate below your permission for your child to attend this tournament.

ELEMENTS OF RISK

Physical Educational activity programs involve certain elements of risk. Injuries may occur while participating in these activities. The following list includes, but is not limited to examples of the types of injury which may result from leaving the school grounds.

1. Pedestrian injuries that may occur while walking along the planned route.
2. Traffic accidents that may occur while traveling roadside along the planned route.
3. Personal injuries that may occur while participating in the activities, such as: dehydration, falling on uneven ground/flooring/steps, bruising, spraining of ankle, broken bones, allergic reactions, burns, etc.

The risk of sustaining these types of injuries result from the nature of the activity and can occur without fault of either the student, or the school board, its employees/agents or the facility where the activity is taking place. By choosing to take part in this activity, you are accepting the risk that you/your child may be injured. The chance of an injury occurring can be reduced by carefully following instruction at all times while engaged in the activity.
