Small School, Big Heart, Bigger Community Spirit.

Dear Parents/Guardians,

Aspen View Public Schools is hosting its 4th Annual Robotics Tournament this year on May 14, 2025 at the Athabasca Multiplex in Athabasca, Alberta. This is an event open to K – 12 students in Aspen View and it will offer many valuable learning experiences for all students attending.

The goals of the Aspen View Public Schools Robotics Tournament are to have fun, to learn by doing and to foster teamwork! Robotics encourages problem-solving, coding, critical thinking, numeracy, literacy, social studies, communications, fine arts, technology, and more for all students who participate.

There will be different challenges throughout the day that students will participate in based on their grade level. Bussing and equipment required to participate will be provided to all students attending this event at no cost.

Your child has expressed an interest to create a team with another student in their grade level to join this tournament and partake in this exciting learning opportunity. Students will be expected to practice (during school hours) prior to the tournament in order to gain the knowledge needed to attend. Students who do not practice will not be allowed to attend the tournament. Attached is a field trip permission form that must be signed and returned to the school in order for your child to participate in this event. **Please note: This event will be live streamed on the AVSD website.**

Students are required to pack a bag lunch and snacks. There is no microwave available.

Should you have any further questions, please call the school at 780-525-3733.

Grassland School Permission Form

Aspen View Robotics Tournament

Date: May 14, 2025

Destination: Athabasca Multi-Plex, Athabasca, AB

ELEMENTS OF RISK

Field Trip activities, involve certain elements of risk. Injuries may occur while participating in these activities. The following list includes, but is not limited to examples of the types of injury which may result from leaving the school grounds.

- Accidents that may occur while participating in event.
- Traffic accidents that may occur while traveling by bus to and from event.
- Pedestrian injuries that may occur while walking to/from the bus to/from event.
- Pedestrian injuries that may occur while walking/climbing stairs.

The risk of sustaining these types of injuries result from the nature of the activity and can occur without fault of either the student, or the school board, its employees/agents or the facility where the activity is taking place. By choosing to take part in this activity, you are accepting the risk that you/your child may be injured. The chance of an injury occurring can be reduced by carefully following instruction at all times while engaged in the activity.

I, the Parent/Legal Guardian, have read the above, I understand that there are risks associated with participating in the program/activity described above. I assume responsibility to do all within our influence to reduce and eliminate those risks. I have read the above form and understand there are risks associated by participating in the activity as described, and assuming the risks associated with doing so.

I understand that this will be a live streamed event and I give my child _____ permission to participate in the Aspen View Annual Robotics Tournament, traveling by bus to the Athabasca Multi-plex on May 14, 2025.
