*Small School, Big Heart, Bigger Community Spirit.*

## Dear Parents/Guardians,

On **October 10, 2025**, Grassland School will hold our annual **Turkey Trot Event**. This is a special tradition where we raise funds to support our school, while also donating a portion of the proceeds to the **Terry Fox Foundation**.

The walk will begin at **11:00 a.m.**, with police, peace officer, and fire department escorts accompanying us on an **8 km route to Kravonkta Farm**. There, we will gather around a bonfire and enjoy hot dogs and hot chocolate, generously provided by our **Parent Advisory Council (PAC)**, before returning to the school.

Funds raised will help offset costs for **school trips, extracurricular activities, busing, swimming lessons, presentations, and more**, keeping expenses lower for families. All donations—big or small—are greatly appreciated! Donations of **\$50 or more** are eligible for a tax receipt. A portion of all proceeds will also be donated to the **Terry Fox Foundation**.

## Important reminders:

- **Pledge sheets and Calahoo Meats LTD order forms** are due back to the school no later than **October 10, 2025**.
- Calahoo orders will arrive on **October 30, 2025**. **Please mark this date on your calendar and make arrangements to pick up your order from the school this same day.**
- Each year, we challenge our students to raise at least **\$50**

## Elements of Risk – Turkey Trot

Physical education activities, such as the Turkey Trot, involve certain inherent risks. While safety measures are in place, injuries may still occur. Examples of potential risks include, but are not limited to:

- Pedestrian-related injuries while walking along the planned route.
- Traffic-related accidents when traveling roadside.
- Personal injuries such as dehydration, tripping or falling on uneven ground, sprains, bruises, broken bones, allergic reactions, or burns.

These risks are part of the nature of the activity and may occur without fault of the student, the school, Aspen View School Division, its employees/agents, or the facility. By allowing your child to participate, you acknowledge and accept these risks. The likelihood of injury can be reduced by students following instructions carefully at all times.
